

CYC WALLS

Application: 11' foot high Cyc Wall 7 x 16' x 7'

Light Distribution: Uniformity = good

Vertical foot-candles: 50-100

Area: 330 sq. ft.

Luminaires: 8 LF154

Lens: wide honeycomb

Ceiling height: 11'

Suspension: 6"

Horizontal distance: 2.5-4'

Tilt from horizontal: 15-25 degrees

Throw distance: 6-12'

Total power consumption: 440 Watts

STRATEGY

Lighting is provided only for the CYC wall.

Shadowing of the talent, on the wall, was avoided. The LF154 was chosen due to small profile.

LF154 with wide honeycomb
